

Senior Project Manager

Sound Seal, INC - Agawam, MA

Job Description

Sound Seal, Inc. is seeking a Senior Project Manager for our Industrial Products. Primary duties include managing special, highly custom, large projects through production to successful substantial completion. Included will be interacting with distributors, consultants and direct customers, sourcing vendors for special products and services for custom applications, tracking profitability, and meeting deadlines.

Secondary duties will include sales support to distributors, representatives and other sales channels. This will include providing pricing, design assistance, sales collateral, and specification assistance. Involvement with the New Product Development team will be required.

The successful candidate will possess a high degree of resourcefulness and the ability to work independently. Prior construction estimating or project management experience preferred. Experience in acoustics or noise control field not necessary, but a plus. Opportunity for advancement within the company.

Qualifications

- Construction estimating ability
- Ability to interpret construction documents
- Superior communication skills
- Computer literate (Microsoft Office)
- Customer Service Skills

While this is primarily an in-house position, occasional travel will be required.

The successful candidate will report to the Vice President of Sales – Industrial Division

Compensation will be based on experience.

We offer excellent benefits to eligible employees, including 401(k), holidays, vacations and more. EOE Minorities/Females/Protected Veterans/Disabled

Job Type: Full-time

Required experience:

- Project Management: 1 year
